STAND FIRM

Dear Friends,

I'm excited to share with you the continued impact of 4G3's work in strengthening displaced and persecuted Christians across the Middle East and beyond, helping them **stand firm in their faith**. MELTI (Middle East Leadership Institute), the Middle East arm of 4G3, was founded in 2000, *reaching over 1 million people since its inception*.

4G3 was founded in 2019 with the goal of taking the MELTI ministry to the next level in response to the refugee crisis. Since then, we've been committed to helping believers from various denominations, backgrounds, and cultures develop the character and skills necessary to walk with God and positively influence their communities.

Our **15-month, 70-hour discipleship curriculum is unique** in the Church, providing mentorship and modeling biblical mindsets in leaders' native languages. We are now launching 4G3 Discipleship Institutes in some of the most remote areas—whether in buildings, out of buildings, under trees, or near demolished buildings in war-torn regions.

By God's grace, we've established Discipleship Institutes in Syria, Iraq, North Sudan, South Sudan, Jordan, Turkey, Egypt, Lebanon, Kenya, Nigeria, South Africa, Ivory Coast, Tanzania, Pakistan, and Ukraine. The refugee crisis continues to grow, and wars and news of wars heighten the urgency. **However, the lasting ripple effect we want to create can only come through patience and the long-term commitment of discipleship.** Our mission is not just about immediate relief, but about creating transformational change and building a solid foundation for the future.

Your prayers and support have made all of this possible, and I'm incredibly thankful for you. Thank you from myself, the 4G3 team, and all the displaced and persecuted Christians whose lives have been forever changed because of you.

In Christ,

Dr. Wahid and Dr. Laila Wahba

"I had often struggled to understand others. The Discipleship Institute helped me realize that everyone has their own strengths and weaknesses, including myself. I started seeing others from a Godly perspective, and it transformed the way I interact with people."
- Graduate

S, a Syrian pastor and Muslim convert in Turkey, graduated from the 4G3 Discipleship Institute and hosted one at his church. In 2018, the church was shut down due to ISIS attacks followed by an earthquake. The members provided relief during the earthquake, building relationships with the local government. Miraculously, the government returned the church to the pastor in 2024! After renovation, their first worship service was held on Christmas Day. *God is the miracle maker!*
